SUMMARY

Final-year Information Science student with a growing passion for Networking and Software Development. I enjoy exploring the technologies that connect systems and power modern applications, while continuously learning and building through hands-on projects.

SKILLS

- **Technical Skill:** Python, SQL, Linux, GitHub, Cloud fundamentals, DNS, SSL, OSI/TCP-IP, UDP, HTTP
- **Soft Skills:** Communication, Adaptability, Time Management, Leadership, Teamwork

PROJECTS

Low-Level Network Analysis using ICMP (Ping & Traceroute Implementation in Python) Jul 2025
Implemented ping and traceroute in Python using raw ICMP sockets, including checksum calculation, RTT measurement, and TTL-based hop discovery.

Automatic Evaluation of Handwritten Answer Scripts Using Deep Learning
Developed an AI-powered system to automatically assess handwritten answer scripts by combining optical character recognition with natural language processing. Utilized BERT and Sentence-BERT (SBERT) models to evaluate semantic similarity between student responses and model answers, enabling objective scoring and detailed feedback generation. The system extracts text from handwritten scripts, processes the content using transformer-based models, and compares it against reference answers to assign grades based on contextual understanding rather than keyword matching.

EDUCATION

B.Tech in Information Science and Engineering, NMAM Institute of Technology, Nitte 2022 – 2026 | Nitte
CGPA: 7.94

Pre-University, Ambika Padavi Poorva Vidyalaya, Puttur 2020 – 2022 | Puttur
Percentage: 88.6%

SSLC, Sharada Vidyanikethana Public School, Talapady 2019 – 2020 | Talapady
Percentage: 75.4%

PROFESSIONAL EXPERIENCE

Navyan Technologies LLP Jun 2025 – Jul 2025
Contributed to the development of a learning platform with a focus on frontend using HTML, CSS, and JavaScript. Collaborated with backend team on API integration and data handling. Assisted in UI debugging and user testing

AllcargoGati Express Ltd Jun 2025 – Jul 2025

- Conducted market research to identify potential clients and sales opportunities.
- Generated and updated leads in Salesforce CRM, ensuring accuracy and completeness.
- Used Microsoft Excel to organize, analyze, and track sales data for
- Developed an understanding of B2B sales processes, client communication, and business growth strategies.

POSITIONS OF RESPONSIBILITY

President, Tudar Club 2025 – 2026 | NMAMIT, Nitte

Finance Head, Taaleem Club 2025 – 2026 | NMAMIT, Nitte

Cultural Committee Member, Incridea Techno-Cultural College Fest 2023 – 2026 | NMAMIT, Nitte

LANGUAGES

English, Tulu, Kannada, Hindi
